Resume/CV of Fahmeena Odetta Moore

(Created from her LinkedIn profile: http://www.linkedin.com/in/fahmeenamoore)
Document creation date: 2/5/2017
Document last updated: 10/18/2017

Summary

FahmeenaOdetta Moore is currently a PhD student at NCU. Her main goal is to qualify for a job as a professor of business information systems teaching undergraduate as well as graduate students (job requires a PhD). FahmeenaOdetta believes a professor position is a good fit for her personality & temperament - she is an INTJ & a quiet, studious person (at heart).

FahmeenaOdetta is the founder of a few businesses/projects. The most recent is a tea business: https://teasforhealing.wordpress.com/. Her Lessons Project got her really interested in a research/professor career. Prior to that project, she held positions in corporate America - positions such as Analyst and Consultant.

For additional information on FahmeenaOdetta, visit: https://fahmeenaodetta1.wordpress.com/

Research interests and topics

(shown as images/media on the LinkedIn profile)

FahmeenaOdetta's research interests reflect her multidisciplinary background.
Her research areas/topics:

- **Decision-making**
  FahmeenaOdetta's main research area is: information systems for decision-making support & intelligence. See her Research Summary page on decision-making: https://fahmeenaodettadecisionmaking.tumblr.com/ .

- **Social Media, Websites, & Blogging**
  FahmeenaOdetta is very interested in social media, especially the use of social media for transparency. She learned a lot about social media from her Life Lessons Project - she set up the social media accounts and created posts. FahmeenaOdetta also maintains blogs that provide "under the hood" or "behind the scenes" information on papers for her courses. An example is the blog for the Qualitative Research Methods course:
  http://qualresearchdesignmoorefo1.blogspot.com/ (includes links to other blogs).
  The final paper for the course - a signature assignment - was on appropriate use of social media by police departments.

- **Online Reviews & Customer Analytics**
  FahmeenaOdetta's literature review paper on online product reviews (https://fahmeenaodettasignaturepapers.tumblr.com/post/154063040007/signature-assignment-1) included information on companies' use of consumer reviews for intelligence about the consumer (tastes, preferences, and so on). Another one of her papers looked at:
  Big Data Analytics for Consumer Insights
  https://www.slideshare.net/slideshow/embed_code/key/skEIaHvKurRceO.

- **Videos**
  One of FahmeenaOdetta's signature assignments (for the statistics course) addressed a problem on the use of videos to provide credibility to an online review (available at: https://fahmeenaodettasignaturepapers.tumblr.com/post/154063363867/signature-assignment-2).
  FahmeenaOdetta makes amateur videos. Some include: Computer lab video (https://youtu.be/z8pisPmox8k?list=PLY1B6DIOhWPH_0UDS6SYtEMsnl1U9DT3K), video of food delivery (https://youtu.be/xKE8cM6WkHg), and presentation on decision making at Amazon - made from PowerPoint (https://youtu.be/0BHOs4FlLcg).

- **Quality & Success**
  FahmeenaOdetta's background includes application testing experience (as an employee in a Testing/IT Quality Assurance group). She tests websites and products (personally) from time to time:
  Post on testing webcamtoy.com:
  https://plus.google.com/+FahmeenaOdettaMoore/posts/6ytUctKkbL6.
  She has a Pinterest board/category on Consumer Tests:
  https://www.pinterest.com/fahmeenaodetta/consumer-tests/.
  FahmeenaOdetta wrote an article on:
  Improving Data Quality: User Interface Design and Functional Requirements
  https://www.linkedin.com/pulse/20140612213949-6733373-improving-data-quality-user-interface-design-and-functional-requirements?trk=mp-reader-card
  (also available at ModernAnalyst.com:
  http://www.modernanalyst.com/Resources/Articles/tabid/115/ID/2981/Improving-Data-Quality-User-Interface-Design-and-Functional-Requirements.aspx).
  Her Life Lessons project looked at personal success.

- **Employee Monitoring & Performance**
  One of FahmeenaOdetta's signature assignments looked at how employee monitoring affects employee satisfaction and performance in the healthcare industry (hand hygiene area). Link to the signature assignment in TaskStream:
  https://w.taskstream.com/ts/moore783/SignatureAssignmentProposalMonitoring.html/acf5e6eq00akfcfkf7e8edfefl

- **Design**

Some of FahmeenaOdetta's designs/art:
(1) 2015 Calendar:
https://docs.google.com/document/d/1sQd0-sxsdwA2zm5U-HnISlu4W7zOGs0PwYNaVjMS1gY/edit?usp=sharing
(2) Still life sketch: https://twitter.com/FMooreDesigns/status/778979942449152000
(3) Header/cover: https://twitter.com/FMooreDesigns/status/572143507995025408

Education

Northcentral University

Doctor of Philosophy (Ph.D.), Management Information Systems
2015 - 2018
Enrolled in the Doctor of Philosophy in Business Administration program, Specialization: Management Information Systems (http://www.ncu.edu/school-of-business-and-technology/doctor-of-philosophy-in-business-administration).
Credits satisfied thus far: 27 / 60.

Some accomplishments:
- In October 2015, FahmeenaOdetta passed the external Peregrine Academic Services SKS (Strategic Knowledge Studies) Test Out exam that includes questions from 10 subject areas: Finance, Business Integration and Strategic Management, Global Dimensions of Business, Information Management Systems, and 6 others! This meant that she did not have to take the Comprehensive SKS course at NCU.
- Development of a theoretical framework (decision-making framework) to organize and "tie together" 42 articles on online product reviews selected during my first literature review course. More information at:
https://fahmeenaodettasignaturepapers.tumblr.com/post/154063040007/signature-assignment-1 .

University of Maryland Baltimore County

Master of Science (M.S.), Information Systems

Some courses: Interaction Design, Systems Analysis and Design, Readings in Human-Centered Computing Research, Networking.
While enrolled as a student, FahmeenaOdetta worked at USPTO as an intern. The internship, that was supposed to be just 2 months, turned into a 7-month long assignment at USPTO. I obtained the internship through the school, but there was no grade for the internship. *Additional information in the Extern/Intern (Special Student Assistant) position in the Experience section.*

Graded assignments for at least one course at UMBC involved working on an actual project at an organization.

The George Washington University

Master of Science (M.S.), Finance
(This MSF degree is more intensive & fast-paced than the MBA.)

University of Guyana

Bachelor's Degree, Economics
(Courses in Public Management, Computer Studies, Econometrics etc.)

President's College

High School
O'Level and A'Level Qualifications (external examinations)

Experience

PhD Student

Research Projects at Northcentral University
July 2015 - Present

Conduct research and prepare papers. My papers tend to reflect my background and interests.

Some papers/assignments I completed at NCU are included below. See also:
- My Research Summary: https://fahmeenaodettaresearchsummary.tumblr.com/.
- My signature assignments (major papers): https://fahmeenaodettasignaturepapers.tumblr.com/.
- My school-related blogs that provide "under the hood" information - information on how I prepare/complete my papers and projects. One of those blogs is:
Blog on completing the Qualitative Research Design:
http://fmooresignatureassignment3.blogspot.com/ (includes links to other blogs).

Independent Sr. Consultant

Self
July 2014 - Present

I am an IT Consultant who wears a lot of hats.
- As a Writer/Researcher, I write articles on IT and other topics, write content for websites, assist to cleanse and analyze data, research issues for clients, and so on. Able to quickly grasp complex technical concepts and make them easy to understand.
- As a Designer, I delight clients with customized designs for websites, social media pages, products etc. (design samples at: https://twitter.com/FMooreDesigns).

I have been designing greeting cards, project covers and so on since high school. My first major website design was placeseekerresource.com.

Some projects/additional information with links:
- My article published by ModernAnalyst.com:
Improving Data Quality: User Interface Design and Functional Requirements
http://www.modernanalyst.com/Resources/Articles/tabid/115/ID/2981/Improving-Data-Quality-User-Interface-Design-and-Functional-Requirements.aspx

- Pinterest (Social Media)
Presentation on my Pinterest profile:
https://www.slideshare.net/slideshow/embed_code/key/7RV8lqT7U0YJLh.
The profile spawned a lot of INTERESTING TIDBITs included in social media posts.
See a summary of the social media posts here:
https://docs.google.com/document/d/1zjVr8g_TKBY-EMunfFwTnNFHOaYqQoPhf6UXmpr3S1E/edit?usp=sharing.
I also prepared a short article on:

- Online writing challenges
I participate in online writing activities/challenges from time to time. See: https://fahmeenaodetta1.wordpress.com/dailypostchallenges/ for my responses to challenges by The Daily Post.

Founder, Researcher

The Life Lessons Project
April 2013 - Present

I started The Life Lessons Project in April 2013 to analyze the plethora of advice, words of wisdom, proverbs, quotes and other lessons available on living, achievement and success to come up with "keys" to help a person live better. Some project achievements/output include:
- The 7Ps for Success
There are several articles on LinkedIn on my 7Ps for Success. I am currently writing an academic article/paper on my findings. Additional information at:
https://fahmeenaodetta1.wordpress.com/researchpapergoalpublish1/.
- A list of Top 10 Songs with a positive message (2013)
https://www.youtube.com/playlist?list=PLmYXTlZN4bBLIvcpNFoL72tT0eqKLzjY0
- Top Lessons in 2014
https://twitter.com/LessonsProject/likes?ref_src=twsrc%5Etfw

For The Life Lessons Project, I work as Project Manager, Social Media Manager, Writer, Researcher. View:
- My blog that applied life lessons to my job search/hunt in 2014 at:
http://moorefo1.blogspot.com/.
- My blog on the application of life lessons to my weight loss: http://moorefo1wl.blogspot.com/.

Related work:
- Paper for publishing work-in-progress
Link to document:
https://docs.google.com/document/d/1TOl_LXTHpY_zT-qy1kfGWXr9PT5-PBT7B07b9oG93us/edit
Draft available in ResearchGate and Academia.edu.

- Social Media
This paper includes some details of my experience making social media decisions for The Lessons Project
Paper: Writing the Results and Findings of Research (PDF Download Available)
https://www.researchgate.net/publication/314080294_Writing_the_Results_and_Findings_of_Research
Also available at:

Substitute Teacher

Alachua County Public Schools
November 2015 - July 2016

Fill-in for absent teachers.
Filled in for different levels (elementary school, middle school, high school) and for different types of teachers (ESE teacher, teacher for handicapped students, etc.)

Business Analyst / Sr. Consultant

ASRC Federal Inuteq
March 2014 - June 2014

- Sr. member of the requirements team for a claims processing system.
- Prepared user stories using standard format "AS A ....., I WANT ..... SO THAT ....." with acceptance criteria and business rules.
- Designed updates to screens.
- Completed the first phase of a project to improve and standardize error messages across the application. This included researching and analyzing employee complaints about specific error messages, warning messages, and reminder messages & developing solutions to correct (e.g. improve error explanation so that the user understands what s/he did wrong, provide adequate information in the error message so that the user will not need the assistance of a developer, or prevent the condition from occurring).

Business Analyst / Senior Associate

ICF International/Lockheed Martin @ FAA
2011 - 2014

- Authored system & report requirements, business rules, training materials, acceptance testing materials, sections of user guides etc.
- Designed screens/mockups as part of the requirements for system functionality.
- Prepared diagrams and models of business processes.
- Worked with various staff to achieve objectives, including various users (contractor users, government users), SMEs, developers, and QA. Dealt with disagreements and other issues.
- Led employee training sessions on new functionality, sessions with developers and testers on assigned use cases, JAD discussions etc.
- I left because of funding issues. Promotion and raise was being processed.

Extern/Intern (Student Special Project Assistant)

United States Patent and Trademark Office (USPTO).
2010 - 2011

Assisted with several projects. One project/experience that provided knowledge of user/usability testing I later used for a PhD course was: collecting the thoughts/input of employees on a narrowed list of video conferencing options. I assisted to coordinate and collect users' evaluations (including assisting employees to try/test the options during scheduled sessions in a computer lab).

Certificate and recommendations available on my LinkedIn profile (UMBC education).

Link to a paper prepared during the Research Design course: https://www.slideshare.net/FahmeenaOdettaMoore/moorefbtm81037finalfahmeenaodettamoorepdf (from my blog: http://moorefo1ncuresearchdesign.blogspot.com/2016/10/making-progress_21.html).

Requirements Analyst / Consultant

Grant Thornton LLP
2007 - 2007

- Elicited, analyzed, clarified, and documented requirements for various reports from the Veterans Benefits Administration's enterprise data warehouse. Participated in peer reviews of requirement statements.
- Reviewed IT processes and procedures for an audit project at the Federal Motor Carrier Safety Administration. Researched applicable laws, regulations, and rules for a report.
- Assisted with proposal preparation. Tasks ranged from assisting to compile/standardize resumes to assisting with content.

Business Analyst/QA Analyst/Consultant

Fannie Mae
2004 - 2007

Started as a trainee IT Consultant/Business Analyst (BA) at the company. Received 6 months of BA-related classroom training - courses such as Analysis Patterns, Use Case/Requirements Development, Finance, Mortgage Banking, and Negotiation. Was a top student in the business classes (received highest grades).
- Analyzed processes and defined requirements for internal software development projects.
- Prepared test plans and cases to assess functionality for multiple applications with a range of complexity.
- Executed tests and used Mercury Quality Center to document defects, errors, and inconsistencies.

Some projects:
- Worked on a project to determine the extent to which project managers and teams were following the software development life cycle methodology/requirements. Observed and interviewed managers on practices. Prepared a short report summarizing findings.
- Collected information on cash management/securities back office processes (through interviews etc.) for preparation of an activity/process flow diagram. Presented the diagram to business staff and managers.

Course: Fannie Mae Business Analyst Certification Program
Course: Green Belt Lean Six Sigma Training
Course: Process Modeling Training

Financial Auditor

Office of the District of Columbia Auditor
2003 - 2004

- Assisted with audits by interviewing staff, reviewing work methods and procedures, and analyzing documents (such as support for an audit of parking meter operations in DC; audit of ANC 3C - available at: http://www.dcauditor.org/reports/DCA2203).
- Drafted reports of findings that formed conclusions about the state of current financial management processes, identified inherent problems or fraudulent activities, and recommended solutions.

Course: Basic Governmental Auditing, Classroom Training, 2003, GraduateSchool.edu
Course: Conducting Performance Audits, Classroom Training, 2003, GraduateSchool.edu
Course: Audit Evidence and Documentation, Classroom Training, 2003, GraduateSchool.edu

Financial Analyst

Johns Hopkins University Applied Physics Laboratory

2000 - 2002

- Prepared project status reports, financial reports, and financial plans based on data collected from various sources, including financial systems and the data warehouse.
- Reviewed departmental capital budget submissions to ensure reasonableness, accuracy, and conformance to established rules and policies; used submissions to prepare organization-wide spending plans.
- Developed cost estimates and financial models for long-range capital planning.
- Monitored and reported on status and costs for multi-million dollar construction projects.
- Helped evaluate Oracle Capital Planning module for possible integration into Oracle Fixed Assets system.

Volunteer Math Tutor

Gainesville Community Ministry
August 2015 - May 2016

Tutor for students aiming to write the GED.

Founder, Researcher
The Life Lessons Project
April 2013 – Present (3 years 11 months) | Gainesville, Florida Area
I started The Life Lessons Project in April 2013 to analyze the plethora of advice, words of wisdom, proverbs, quotes and other lessons available on living, achievement and success to come up with "keys" to help a person live better. Some project achievements/output include:
- The 7Ps for Success
There are several articles on LinkedIn on my 7Ps for Success. I am currently writing an academic article/paper on my findings: Achieving Successful Outcomes.
Follow along here: https://docs.google.com/document/d/1TOl_LXTHpY_zT-qy1kfGWXr9PT5-PBT7B07b9oG93us/edit?usp=sharing (view only).
- A list of Top 10 Songs with a positive message (2013)
https://www.youtube.com/playlist?list=PLmYXTlZN4bBLlvcpNFoL72tT0eqKLzjY0
- Top Lessons in 2014
https://twitter.com/LessonsProject/likes?ref_src=twsrc%5Etfw
For The Life Lessons Project, I work as Project Manager, Social Media Manager, Writer, Researcher. View:
- My blog that applied life lessons to my job search/hunt in 2014 at: http://moorefo1.blogspot.com/.
- My blog on the application of life lessons to my weight loss: http://moorefo1wl.blogspot.com/.
You may also find my personal /general blog interesting: http://moorefo1personal77.blogspot.com/.

Business Analyst/Sr. Consultant
ASRC Federal Inuteq
March 2014 – June 2014 (4 months) | Washington D.C. Metro Area
- Sr. member of the requirements team for a claims processing system.
- Prepared user stories using standard format "AS A ....., I WANT ..... SO THAT ....." with acceptance criteria and business rules.
- Designed updates to screens.
- Completed the first phase of a project to improve and standardize error messages across the application. This included researching and analyzing employee complaints about specific error messages, warning messages, and reminder messages & developing solutions to correct (e.g. improve error explanation so that the user understands what s/he did wrong, provide adequate information in the error message so that the user will not need the assistance of a developer, or prevent the condition from occurring).

Business Analyst/Senior Associate
ICF International/Lockheed Martin @ FAA
2011 – 2014 (3 years) | Washington D.C. Metro Area
- Authored system & report requirements, business rules, training materials, acceptance testing materials, sections of user guides etc.
- Designed screens/mockups as part of the requirements for system functionality.
- Prepared diagrams and models of business processes.
- Worked with various staff to achieve objectives, including various users (contractor users, government users), SMEs, developers, and QA. Dealt with disagreements and other issues.
- Led employee training sessions on new functionality, sessions with developers and testers on assigned use cases, JAD discussions etc.
- I left because of funding issues. Promotion and raise was being processed.
1 recommendation
Daniel (Xiaowei) Wu
Technical Lead at CGI Federal
Fahmeena is very thorough with her work on requirement analysis. Her work makes good logical sense. I worked with her closely to develop many Business Intelligence reports, which are highly used by the FAA customers today. She does her due diligence... View

Requirements Analyst/Consultant
Grant Thornton LLP
2007 – 2007 (less than a year) | Washington D.C. Metro Area
- Elicited, analyzed, clarified, and documented requirements for various reports from the Veterans Benefits Administration's enterprise data warehouse. Participated in peer reviews of requirement statements.
- Reviewed IT processes and procedures for an audit project at the Federal Motor Carrier Safety Administration. Researched applicable laws, regulations, and rules for a report.
- Assisted with proposal preparation. Tasks ranged from assisting to compile/standardize resumes to assisting with content.
Add Media: Document Photo Link Video Presentation
Business Analyst/QA Analyst/Consultant
Fannie Mae
2004 – 2007 (3 years) | Washington D.C. Metro Area
- Analyzed processes and defined requirements for internal software development projects.
- Prepared test plans and cases to assess functionality for multiple applications with a range of complexity.
- Executed tests and used Mercury Quality Center to document defects, errors, and inconsistencies.
Some projects:
- Worked on a project to determine the extent to which project managers and teams were following the software development life cycle methodology/requirements. Observed and interviewed managers on practices. Prepared a short report summarizing findings.
- Collected information on cash management/securities back office processes (through interviews etc.) for preparation of an activity/process flow diagram. Presented the diagram to business staff and managers.
